Our vision of sustainability for 2030
1. Transforming our activities to stay within the planetary boundaries

2. Contributing to solving urgent environmental and social challenges
Transforming our activities to be aligned with the planetary boundaries
THE CONCEPT OF PLANETARY BOUNDARIES

REDUCING OUR IMPACT
SOCIAL COMMITMENT:
Improving the living conditions of all L’Oréal’s business ecosystem
100 %
By 2025, all of our sites will achieve carbon neutrality by improving energy efficiency and using 100% renewable energy.

100 %
of the water used in our industrial processes will be recycled and reused in a loop in 2030.

95 %
of our ingredients in formula will be biobased, derived from abundant minerals or from circular processes by 2030.

100 %
of the plastics used in our packaging will be either from recycled or biobased sources in 2030 (we will reach 50% by 2025).
100 %
of our strategic suppliers’ employees will be paid at least a living wage covering their basic needs and those of their dependents, calculated in line with best practices, by 2030

100,000
people from disadvantaged communities will gain access to employment by 2030
Contributing to solving urgent environmental and social challenges
Beyond the transformation of our business model, we want to help address some of today’s most pressing social and environmental challenges.
